## What is Inspire?

Inspire is an objective setting, performance management and recognition platform to help effectively execute strategy, provide transparency, support continued learning, and develop leaders.

## Why Inspire, Why Now?

**A Simplified Approach**
Inspire simplifies processes by eliminating the need for spreadsheets to track performance.

**Easy Access**
Inspire is a single point of access to manage individual and team objectives and accomplishment.

**Alignment and Accountability**
Align people to the most important strategic objectives, visualize progress, and coach to help execute.

**Recognize Achievements**
Provide real-time recognition of peers, teams and leaders for accomplishment and effort toward objectives.

**Integrated Into How You Work**
Access Inspire within Teams, Microsoft Outlook, or Slack to make it a part of how you already work.
